

### News from LeaCoMM

#### 5 th Partner Meeting Vilnius, Lithuania 15-17 June 2015

During the 5th Partner Meeting in Vilnius Ms Michele Grombeer from EACEA was also present. She informed the participants that the project is of great interest to the Agency because of its relevance in the current context of globalization and also for its potential to become a model of good practice.

The meeting in Vilnius was organized as workshops for the finalization of the products of the LeaCoMm platform.

The partners discussed about quality standards and guidelines which should be implemented on the platform and the production of the tutorial for the "learning community groups".

### Final Conference in Germany

LeaCoMM is holding its international and final conference on February 18th and 19th in Stuttgart, Germany. The conference will be a two day event which celebrates diversity in education by supporting teachers through shared ideas, best practice, resources, and workshops.

The international two-day event taking place in Stuttgart is open to all those interested in learning more about diversity in education and developing their teaching practices.
